

My name is Maša. I work at the Employment Service of Slovenia. In my work, I often come in contact with migrants, refugees and asylum seekers. I feel my work has a purpose that is why I really like it.

I wish to support our clients with as much information on living, working and studying in Slovenia as possible in order for them to become part of the Slovenian society. In my work, I would actually need a comprehensive collection of information at one place. It would save me a lot of time because I would not have to check numerous webpages in search of various information.
