

Do you need support in managing your innovative EU project(s)?

Take a glance at ReSTI pilot training curriculum in project management!

Excellence-in-ReSTI

project aims to improve knowledge and skills in managing social and technological innovation projects. Our mission is to increase employability and the quality of R&D&I projects in the Danube Region.

ReSTI curriculum

spans the topics of EU policies, project design, project management, social innovation, and innovation in the business context.

Five-door approach

helps you to enhance your project management skills: each course will be accessible through "five doors" behind which content is offered in a variety of modes - addressing different learning preferences.

Three face-to-face meetings

Kick-off: October 2018, Eisenstadt (Austria)
 Mid-term: February 2019, Budapest (Hungary)
 Final: June 2019, Eisenstadt (Austria)

ReSTI Infodesk

supports you in managing your innovative EU projects through a comprehensive repository, a possibility to self-test your knowledge and submit questions and more:
<https://desk.zoho.eu/portal/excellenceinresti>

5 training modules (two semesters) dedicated to excellence in research, social and technological innovation - based on a blended learning concept - using an innovative learning approach & tools

CALL FOR PARTICIPANTS
