

Budapest Chamber of Commerce and Industry

kindly invites you to attend

'HPC in Focus'

event in Budapest

Venue: Budapest Chamber of Commerce and Industry

Krisztina krt. 99. Budapest, 7th floor

Date: 28 May 2018, 9:30 – 16:00

The goal of the event is to promote the popularity and practical application of high performance computing through presentations on university-industry collaborations in Hungary, and to create an opportunity for mapping and discussing HPC cooperation possibilities within the framework of the afternoon workshop.

The event will be held in Hungarian, but translation is provided upon request. The event is free of charge, for registration please contact porganyi.kata@bkik.hu. The registration through email is possible until 25 May, 2018.
