

HOW TO SELL SUSTAINABLE MOBILITY AS INCREMENTAL PART OF THE VISITOR EXPERIENCE?

Final Conference of the project „Transdanube.Pearls“

Monday, May 13th 2019, 9.00 – 15:30

Venue: Neusiedl am See, Austria

INVITATION TO THE **TRANSDANUBE.PEARLS**

FINAL CONFERENCE

Dear Sir or Madam,

The Danube region is one of the most promising tourism destinations in Europe. Most of the trips to the Danube and within the Danube region are carried out by car, causing negative impacts to the environment and inhabitants. Transdanube.Pearls aims to implement sustainable mobility in tourism along the Danube by building a network for sustainable mobility.

In the last 2,5 years, the partnership of the Transdanube.Pearls project has set various measures to improve the possibilities to use sustainable means of transport to and in the destinations. Besides that, the project succeeded to build the network of the Danube.Pearls, destinations dedicated to sustainable mobility in the Danube Region.

We are pleased to invite you to the final conference of the project Transdanube.Pearls, which will offer the frame for the official foundation of the Network Transdanube.Pearls. Additionally we will have a closer look to marketing needs and possibilities to promote sustainable mobility to the end-user, the tourists. The final conference of the Transdanube.Pearls project will be organized in Neusiedl am See (Austria), which is one of the Danube.Pearls of the Network. It will take place on May, 13th 2019 from 9 a.m. to 15:30 p.m.

The detailed agenda will follow in the upcoming weeks. We are looking forward to meeting you in Neusiedl, Austria!

Sincerely,

Environment Agency Austria

Austrian Federal Ministry of
Sustainability and Tourism

By Airplane

The nearest airport is Vienna International Airport. Guests travelling by plane have the possibility to go by public transport to the region, which would take around 1,25 – 1,5 hours. For the best public connection from your flight please follow this [link](#)

A collected shuttle service by taxi / minibus will be organized. The transfer would take around 30 minutes, as cost you have to expect around 44 Euro per taxi (for max. 4 persons). Please indicate at the registration if you would need a shuttle and what time your flight would arrive.

Please note that the costs for the transportation from airport to the venue is on the participant's own costs.

RECOMMENDATIONS REGARDING ACCOMMODATION

Directly in Neusiedl am See, nearby to the venue, there are several small hotels and pensions to a good price. Please find further accommodation [here](#).

Please note: Room booking and payment have to be arranged autonomously by the participants themselves. The available contingent of rooms in the hotels Wende and Seewirt Karner is reserved for participants **till April 8th**. Please refer to "Transdanube.Pearls" when booking to get the special offer. Please book as soon as possible, as the contingent is limited.
