

International Conference

Protected Areas - Cornerstones of Ecological Connectivity in the Carpathians and Beyond

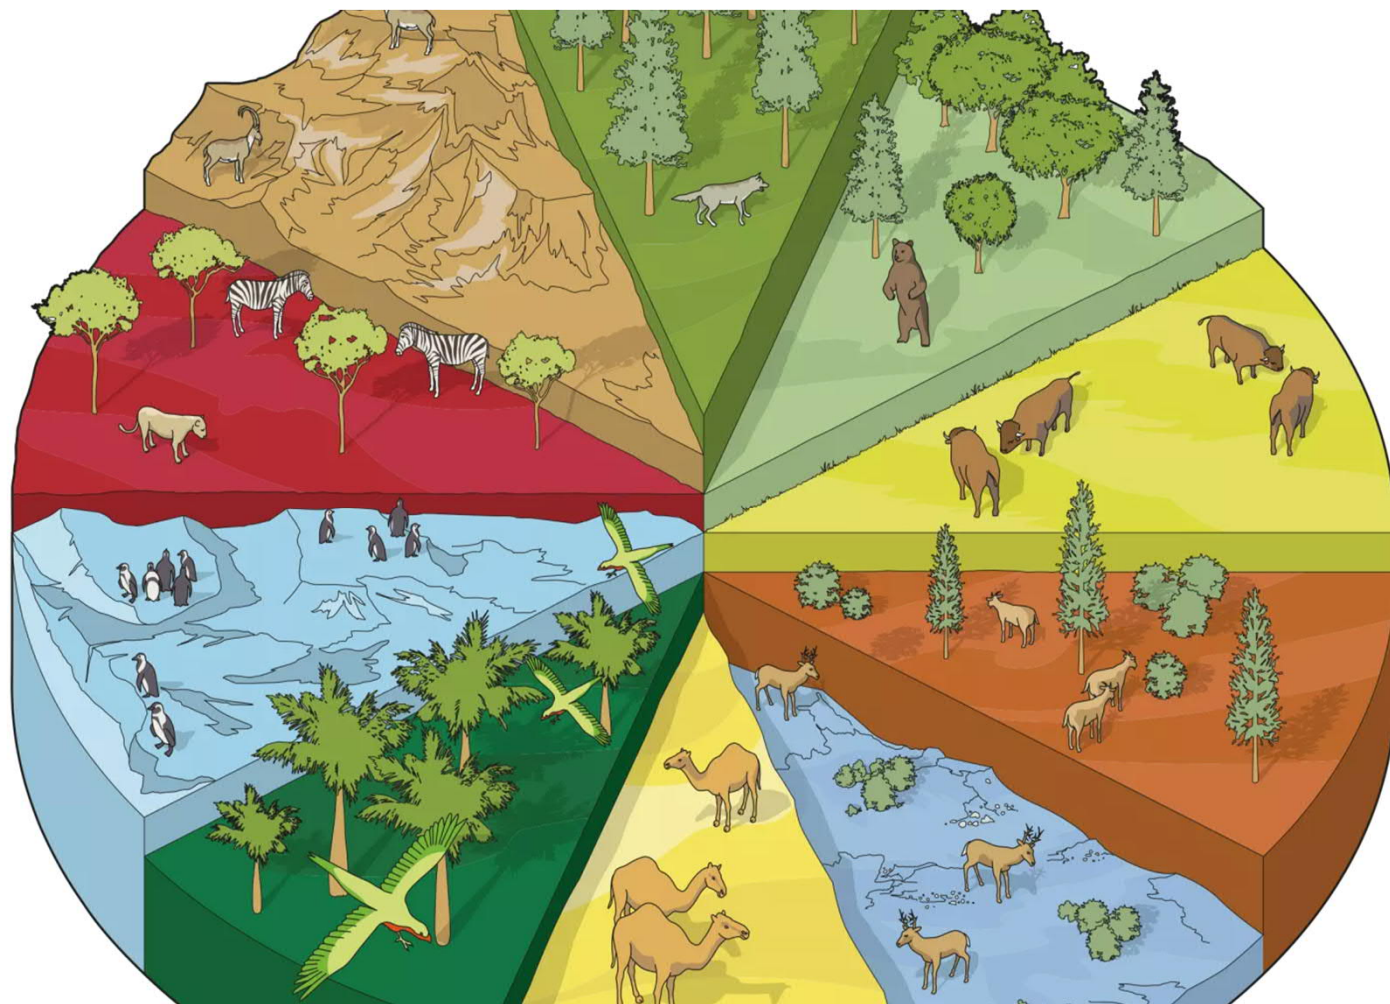

28-30 September 2021

Workshop 3: "Restoration of natural habitat connectivity: different EU projects' approaches to combine synergies and potential cooperation opportunities".

11.30am-1.00pm

Why
reconnecting
fragmented
habitats could
help restore
biodiversity?

Which are priority habitats requiring spatial connectivity and their restoration potential?

A coordinated management across different PAs and habitats can be the key to allow for larger-scale ecological processes? At which level?

Second conference of the Employment and social innovation (EaSI) programme

ONLINE
23rd + 24th
MARCH

LIVE ILLUSTRATION
KATIE CHAPPELL

"Supporting the implementation of the European Pillar of Social Rights and Synergies with other EU programmes and initiatives."

Good practices from projects and beyond: why cooperation in EU projects can strengthen the effectiveness of activities

Welcome!

unemployment

HOPE!

€ 88 bn reserved for Stability

3-7% growth expected

European Pillar of Social Rights

ESF+ impact

micro finance

Social enterprise

Taking Support To the people Community

EaSI helped us:

- boost capacity
- Connect
- Support research + social enterprises
- expand
- have stability
- share knowledge
- best practices

DIGITAL innovation = resilience

+ Relevance

DEEP innovation

- not all digitisation is good -

Training will be essential

NGOs as partners

Social innovation

We discuss this today with:

1. EU SEE Transnational Cooperation Programme Project "BioREGIO – Carpathians" - Mircea VERGHELEȚ, Piatra Craiului National Park Administration, Romania
2. Interreg Alpine Space "AlpBioNET" - Filippo FAVILLI, Eurac Research, Italy
3. Interreg Danube Transnational Project "Dare 2 Connect" - Stefan Alexander FUCHS, University of Vienna, Austria
4. Interreg Central Europe Project "Centralparks" - Ján KADLEČÍK, State Nature Conservancy of the Slovak Republic
5. Interreg Adriatic-Ionian Project "DINALPCONNECT" - Irena BERTONCELJ, Agricultural Institute of Slovenia
 - Moderated by Isidoro De Bortoli, Eurac Research
