## Iwo's incredible journey to the south

7 MAY 2015

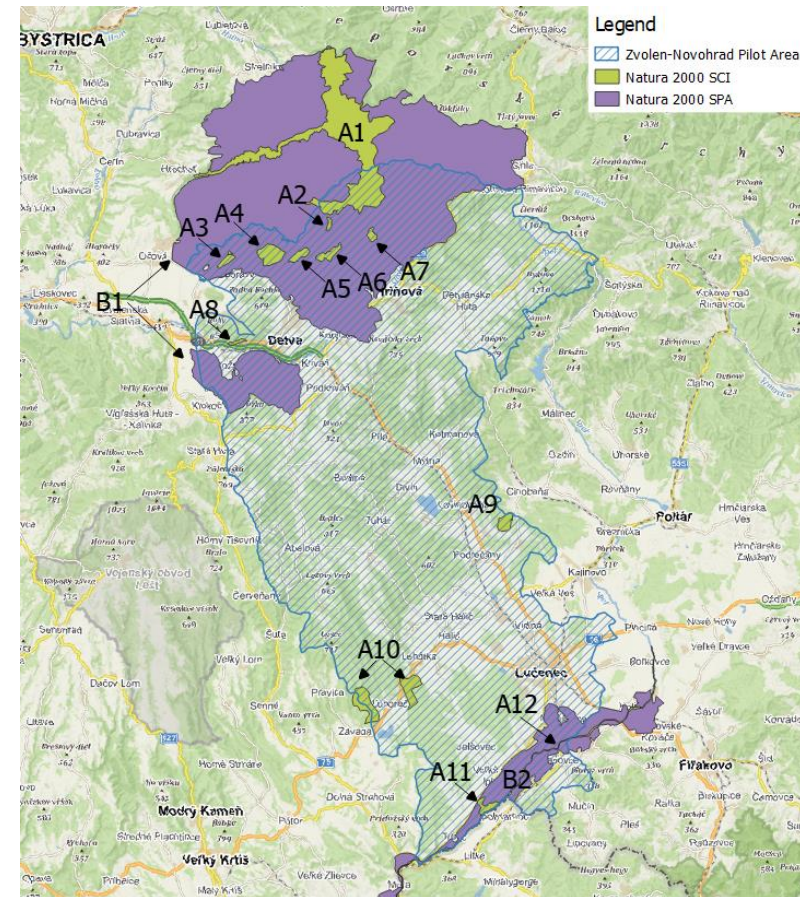

Iwo, a 5-year old bear collared in Poland, went from the Tatra Mountains through the whole Slovakia to Hungary in one week.

## Incredible journey: one wolf's migration across Europe

Slavc is a wolf. In 2011, he began an epic 2,000 kilometre migration across Europe from Slovenia to Italy via the Austrian Alps. Several months earlier, he had been fitted with a collar that allowed his movements to be tracked in incredible detail. I talked to Hubert Potočník, the biologist whose work made this possible
