End of conference

Dear Danube - Partners,

Let us take you on a journey along the Danube!

We will start at the **source** of the Danube river and tell you six stories about the vast cultural and natural heritage that evolve from destination to destination along a defined trail in the Danube region. Together, we will follow the **flow** of the river using sustainable means of transport and trying out new experiences in order to bring the stories to life. When reaching the **delta**, we will present you Green Travel Products and share impressions of the Danube Travel Stories

DATE: **24.11.2022**
VENUE:
TABAKFABRIK, Linz
