## Logistics Education and Research

The Logistikum (FH00) in Steyr, Upper Austria, is the No. 1 location for logistics and business networks. With approximately 300 students, over 35 research staff, 15 professors and 60 lecturers on site we provide innovative logistics solutions.

## Selection of Current Projects

- **PROMINENT:** Promoting Innovation in the Inland Waterway Transport Sector (H2020 project, STC lead) –overall goal: develop sustainable energy concepts and technologies to foster IWT in Europe; contribution FH00: Development of innovative e-learning tools for inland waterway transport (case study, different learning modules, train-the- trainer offers...)
- **REWWAY:** Research and Education in Inland Waterway Logistics ([www.rewway.at/en](http://www.rewway.at/en)): in cooperation with viadonau – competence center on IWT at our Campus. Goal of REWWay is to integrate inland navigation into logistics education and training to raise acceptance of the Danube as environmentally friendly way of transport by offering online high quality teaching materials, transport school labs, networking events, train-the-trainer offers.
- **DAPHNE:** Danube Ports Network (Danube Transnational Programme, ProDanube International lead) aims to facilitate a balanced development of Danube Ports as eco-friendly, well accessible multimodal hubs for the transport system of the region and to turn them into buzzing economic centres functioning as catalysts for economic growth and creation of high value jobs.
