STAKEHOLDERS MAP FOR DANUBE REGION

Project DTP1-291-1.1: Ecolnn Danube

ECOINNOVATIONS STAKEHOLDERS MAP FOR DANUBE REGION

- ❑ Established on a **free of charge** platform Kumu.
- ❑ Partners received a set of guidelines for the entry of data into the established sheet on google drive.
- ❑ Up and running on the virtual lab platform at <http://ecoinnovative.eu/>.
- ❑ Suggestions on the aesthetic details (colours, images, sizes, etc.) are always welcome and can be integrated.

Showcase settings

Showcasing allows you to highlight items without losing context of the rest of the map. The highlighted items are shown in the foreground while the rest fade into the background.

Ministry of Education, Science and Sport - International Cooperation and EU Office

NATIONAL AUTHORITY

The Ministry of Education, Science, and Sport (MIES) is responsible for defining strategic and developmental goals in the fields of primary education, secondary education, higher education, and research and development activities in Slovenia. More specifically, in relation to education it defines the expert bases for adopting political documents in the field of education policy and drafts laws and implements regulations on education policy. It establishes and enforces the system of comprehensive analysis and monitoring of the situation and development in education, develops new tools for attaining education policy goals, and plans the required financial resources for education.

Ministrstvo za izobraževanje, znanost in šport - Pisarna za Evropsko in mednarodno sodelovanje
 Ministrstvo za izobraževanje, znanost in šport (MIEŠ) je odgovorno za opredelitev strateških in razvojnih ciljev v področju osnovnošolskega, srednješolskega in visokošolskega izobraževanja ter raziskovalnih in razvojnih dejavnosti v Sloveniji. Natančneje, v povezavi z izobraževanjem, opredeljuje strokovne podlage za sprejem političnih dokumentov na področju izobraževalne politike, pripravlja zasnove in izvaja predpise o izobraževalni politiki. MIEŠ vzpostavlja in izvaja sistem celovite analize, spremljanja stanja in razvoj v izobraževanju, razvija nova orodja za doseganje ciljev izobraževalne politike in načrtuje potrebna finančna sredstva za izobraževanje.
