Overview of the Green Innovation and Entrepreneurship Summer School

The Green Innovation and Entrepreneurship Summer School, capacity-building pilot in the WP6 of Ecolnn project took place at the Faculty of Mechanical Engineering, Slovak Technical University in Bratislava, Slovakia from 25th to 29th June 2018. Aim of the Green Innovation and Entrepreneurship Summer School was to build and bring together next generation of eco-innovators which will start their own eco-responsible business.

From 25 to 29 June 2018, students from different parts of the Danube region and its surroundings - Slovakia, Czech Republic, Germany, Croatia, Macedonia, Serbia and Bosnia and Herzegovina dedicated their focus to their eco-innovative projects and fine-tune them under the guidance of domestic and foreign lecturers, mentors and coaches.

In total of 27 participants participated in the summer school and attended selected workshops, and 11 students worked the whole week to develop their project. Summer School has been opened for international candidates and has been held in English.

Summer School has been focused mostly on participants with an idea of their ecoinnovations who are looking for a way to implement their idea and search for support with process of going on market and has been mostly for university students, undergraduates and SMEs at the start-up phase. Participants without particular ecoidea could also join the trainings and support the teams as well as to receive knowledge in particular areas of innovation process.

Summer School has been organized in interactive workshop form and in work in teams where participants learned and prepared their projects for presentation at the end of the summer school in final pitch. Projects has been presented before jury, and got feedback on what to improve in both their presentation skills and ideas. Participants connected with other ecoinnovators and started their network in this area.

Staff exchange

Project partners contribute through preparation of event by publishing promotion news on event, cooperation on concept of Green Summer Schools and also by staff exchange during Green Summer School, where staff from three of consortium partners arrived as a lecturers on the needed topics and shared their expertise and knowledge.

Invited lecturers that had lecture and afterwards lead workshop on topic were:

- Peter Kaldos of Digitalis Jolet (Hungary) with the topic of Intellectual property rights
- Simona Pede of bwcon GmbH (Germany) with the topic of Design thinking process
- Andrea Pitzsche of Economica (Austria) with Eco-Innovation topic

Evaluation of participants' feedback

Lessons learned

During Green Innovation and Entrepreneurship Summer School we learned various lessons that will help with preparation on following events:

- More appreciated were the more interactive topics
- Preparation and start of promotion process well ahead a lot of reminders of the event
- Due to the differences in participants business ideas and unfortunate lack of their attendance, teams should be prepared in the first day of the event
- In selection process ask for more indebt information on their business idea
- Participants should have similar stages of their ideas
- Improve use of recycled materials, need of more green materials

As the person concerned, I agree with processing of my personal data contained in this attendance list, according to the Regulation (EU) 2016/679 of the European Parliament and of the Council on the protection of individuals with regard to the processing of personal data and on the free movement of such data, repealing Directive 95/46 / EC ("GDPR") by operator, which is the Center for Scientific and Technical Information of the Slovak Republic for the purpose of conducting statistics and other internal registry purposes such as camera and audio processing of personal data for archival and promotional purposes. Consent to the processing of personal data is granted in paper form with the handwritten signature of the person concerned and is valid until his appeal but not longer than 10 years, until the retention period in accordance with Article 5 of the GDPR. Your consent to the processing of your personal data may be revoked at any time in the same form as it was given or in another available form (e.g. by sending a letter to the address of the operator in writing or by sending an e-mail to: ecolnn.danube@cvtisr.sk and zodpovedna.osoba@centrum.sk). Revocation of consent does not affect the lawfulness of the processing of personal data based on consent prior to its revocation. At the same time, I acknowledge the rights of the person concerned as set out in Articles 15, 16, 17, 18, 20, 21 of the GDPR and declare that the operator has informed me in accordance with Articles 13 and 14 of GDPR, namely www.cvtisr.sk.
