## PERCEPTIVE ABOUT THE ROLE OF WOMEN IN FORESTRY

**Doing research, achieving goals, implementing results, taking awards.**

**Eva is the winner of the special award for significant contribution to the development of research in Bulgaria at the National Representation of Student Councils. The award is given for the first time within the competition "Student of the Year" and is awarded for research on the wild chestnut pests which contributes to the protection of chestnut forests in Bulgaria**

## EXPERIENCES WITH WOMEN WORKING IN FORESTRY SECTOR

**For better work integration in forestry Eva was supported by women- scientists from the Forest Research Institute, and the Institute of Biodiversity and Ecosystem Research of BAS and Sofia University "St. Kliment Ohridski"**

## ABOUT

Eva - Ph.D. Student of Forest Phytopathology from the Forest Research Institute at the Bulgarian Academy of Sciences is an example of a role model of a researcher in forestry, whose results are important and are implementing in the practice. Her work in the practice - as a forester, Ecology Engineer, and Expert, along with work with advisors - women, strongly affected her professional realization as a researcher.

## WHAT SHOULD BE DONE FOR BETTER INTEGRATION OF WOMEN IN FORESTRY SECTOR?

Eva's experience for integration in the forestry sector has concerned her work a -as a forester, Ecology Engineer, and Expert, along with work with advisor, and a research fellow.

### INTERESTING INITIATIVES WHICH HELPED WOMEN WITH THEIR CAREER

Eva participated and become the winner of the special award for significant contribution to the development of research in Bulgaria at the National Representation of Student Councils. The award is given for the first time within the competition “Student of the Year” and is awarded for research on the wild chestnut pests which contribute to the protection of chestnut forests in Bulgaria.

## KEY MESSAGES FOR YOUNG FEMALE IN EARLY CAREER

### EVA's messages to young women

To keep their enthusiasm and inspiration and to believe in science  
They can contribute to the protection of forests in Bulgaria.
