The requested completions and clarifications shall be provided by the LP within the deadlines set by the MA/JS in the completion letter(s). The interruption is terminated after the requested completion has been fulfilled or the irregularity procedure has been ended.
3. In case of two unsuccessful completions by the LP concerning the expenditure included in the AfR, the MA/JS is entitled to deduct the total amount of the control certificate(s) containing the expenditure still not acceptable. All control certificates excluded from the AfR concerned shall be re-submitted in the earliest possible next AfR.

 - c) clear and justifiable relation of the reported activities and outputs to the validated and reported expenditure of the partners.
5. In case a PPR is rejected due to reasons listed in Article 7(4), the related AfR cannot be paid to the LP, and without the acceptance of the AfR the PPR will not be approved. The PPR and the AfR concerned shall be re-submitted before the next reporting deadline following the reporting period concerned.
6. In case of expenditure of the last PPR and AfR, the MA/JS is entitled to deduct the total amount of the control certificate(s) for which the reported expenditure has not been proved within 6 months from the first online submission date of the last PPR and AfR.
7. After approval of the PPR and AfR by the MA/JS, the reimbursement of Interreg Funds will be eventually executed by the certifying authority (hereinafter referred to as 'CA'). In case the Programme bank account does not cover the total amount of contribution from the Interreg Funds to be reimbursed to the LP regarding the concerned AfR, the CA will temporarily suspend the reimbursement process until the Interreg Funds from the EC have been transferred to the programme bank account. The LP will be informed on the suspension.

The LP shall provide evidence to the MAJS in the next PPR that the transfer of the Interreg Funds approved in the AfR was executed within the timeframe set in the Partnership Agreement to each PP concerned. In case of the last AfR, the proof of transfers shall be submitted to the MAJS within 30 days from the date of transfer of the Interreg Funds of the last AfR to the PPs for the financial closure of the project by the MAJS. 4. The LP is obliged to guarantee fulfilment of the above stipulated duties in relation to all other PPs of the project.
5. The LP shall promptly inform the MAJS about any audits that have been carried out by the bodies mentioned in Article 12(1), as well as about the results of the audits.
6. If, as a result of the audits any expenditure is considered ineligible according to the legal framework of this contract, the procedure described in Article 7(2) and Article 13 shall apply.

7. The MAJS has the right to withhold the payments to the LP until all required information and documentation has been delivered or made available otherwise in the required way.
8. The MAJS has the right to conduct sample checks in addition to the national financial control bodies' checks.
9. The MAJS has the right to suspend payments should the project become subject to controls or audits by the MAJS, AA or relevant EU bodies until these controls or audits have been completed. Should the AA issue statements on the national control systems and identify problems of a systemic character, the MAJS has the right to suspend payments to the LP until the case has been resolved.
10. The LP must also provide all necessary information and access to documents for the purpose of carrying out Programme or project evaluations to any authorised evaluator.
11. Should this Subsidy Contract have been terminated, the rights and duties stipulated in this article shall, however, persist.

Article 13: Irregularities and repayments

1. In case of irregularities identified during the project implementation the MAJS is entitled to claim the repayment of contribution from the Interreg Funds in full or in part from the LP based on the irregularity report sent to the MAJS.
2. Therefore, in accordance with Article 26(1) a) of the Regulation (EU) 1059/2021 the LP is always responsible for securing repayment of the Interreg Funds unduly paid to the project.
3. If the MAJS sends a request for repayment of the amount of Interreg Funds unduly paid, the LP is obliged to secure repayments from the PPs concerned and repay the amount specified by the MAJS within two months from the sending date of the request for repayment. The due date for the repayment will be explicitly given in the request for repayment. The receipt date of the request for repayment shall be the date of sending the email, regardless of the date of receiving any official letter in hardcopy version.
4. If the LP cannot recover the Interreg Funds unduly paid to a PP on the basis of the Partnership Agreement existing between them, the LP shall inform the MAJS in written form within the deadline for the repayment according to Article 13(3).
5. The MAJS has the right under this contract to impose interest on late payment on the amount paid back by the LP belatedly. In case of any delay in the repayment, the amount to be recovered shall be subject to interest on late payment, starting on the calendar day following the due date and ending on the actual date of

repayment. The rate of interest on late payment shall be one-and-a-half percentage points above the rate applied by the European Central Bank in its main refinancing projects on the due date.

6. The MA/JS has the right to recover the amounts specified in the request for repayment by deducting them from the AfR submitted by the LP. In case of compensation, the MA/JS informs the LP on the amount deducted from the AfR concerned.
7. The MA/JS shall be informed by the LP in case an investigation on irregularity is ongoing for the project before its end date. In case the decision on irregularity is not available at the time of the submission of the final PPR, the financial closure of the project might be suspended by the MA/JS for a maximum of 6 months from the deadline of submission of the final report, considering the Programme closure deadlines as well.
8. Expenditure found eligible as a result of the irregularity procedure can be claimed only before the final payment to the project is approved by the MA/JS. After the financial closure of the project, any claim for reimbursement of expenditure found eligible related to investigations at national level shall be covered by the Partner State concerned.

Article 14: Decommitment of project budget and right of withdrawal

1. The MA/JS is entitled to reduce the project budget and the corresponding contribution from the Interreg Funds – on the basis of the decision of the MC – in case of any of the following circumstances:
 - a) in case the LP submits the PPR and the AfR or the project modification request with unjustified delays, or more than two completions of the same PPR and AfR are attributable to the LP, the MA/JS is entitled to apply a proportional reduction related to the total project budget up to 5%;
 - b) in case the LP does not report validated eligible expenditure according to the approved spending forecast in Article 5(4), the MA/JS will assess the level of under-spending and the reasons for the lower financial performance; in such a case, the MA/JS is entitled to decommit the project by reducing the project budget and the corresponding contribution from the Interreg Funds.
2. The MA/JS is entitled to withdraw from this contract and to demand repayment of the Interreg Funds in full or in part – on the basis of the decision of the MC – and to exclude any claim by the LP or by the PPs against the MA/JS for whatever reason (unless such reason is firmly based on an express mandatory provision of the EU level legal framework referred in Article 1(2)) in case of any of the following circumstances:

- a) the LP has obtained the contribution from Interreg Funds through false or incomplete statements or through forged documents;
- b) the LP and its PPs receive additional funding from the EU or national or other funds for all or part of the project expenditure reported under the Programme during the period of the implementation of the project;
- c) the partners, or any related person, have committed fraud or are involved in any illegal activity detrimental to the EU's financial interests;
- d) a precondition for the approval of the project is not ensured anymore;
- e) the LP is being wound up, or the court ruling ordering the opening of bankruptcy proceedings has been published or if undergoing liquidation proceedings by final decision;
- f) in case of identified irregularities affecting the entirety of the project;
- g) the LP fails to fulfil a condition or an obligation resulting from this contract;
- h) the LP fails to provide immediate information about circumstances that delay, hinder or make impossible the realisation of the project, as well as about any circumstances that mean a change of the reimbursement conditions and frameworks as laid down in this contract;
- i) the regulations of the EU and national law including provisions of procurement rules, state aid rules, publicity, rules on environmental protection, and rules on equal opportunities, have been violated;
- j) the LP has impeded or prevented the auditing of the project as referred to in Article 12, or failed to retain the project documentation required for the audit;
- k) the contribution from the Interreg Funds awarded has been partially or entirely misapplied for purposes other than those agreed upon;
- l) the project has not been or cannot be fully implemented by carrying out the planned activities, the planned outputs and results as planned in the latest approved AF and by achieving at least 75% spending of the total project budget, or the project cannot or could not be realised in due time, when the MA/JS receives information about it;
- m) it has been impossible to verify that the PPR/final report is correct and thus the eligibility of the project;
- n) after the reduction mentioned in Article 14 (1)a) the LP still fails to submit PPRs and AfRs within the reporting deadlines – even if the delay was not caused by the activity of the LP itself – or to supply necessary information, provided that the LP has received a written reminder setting adequate deadline and explicitly specifying the legal consequences of a failure to comply with requirements and has failed to comply with this deadline;
- o) after the reduction mentioned in Article 14 (1)b) the LP still fails to report validated eligible expenditure according to the approved spending forecast in Article 5(4).

- p) the LP and/or any of the PPs is in the situation of undertaking in difficulty, within the meaning of point (18) of Article 2 of Regulation (EU) No 651/2014 as well as in compliance with Article 7 (1) (d) of Regulation (EU) 2021/1058;
- q) the LP has failed to fulfil any other conditions or requirements for assistance stipulated in this contract and the provisions it is based on, notably if these conditions or requirements are meant to guarantee the successful achievement of the Programme objectives.
3. The LP is entitled to exercise the right of withdrawal if implementation of the project becomes impossible caused by circumstances independent from the LP. In case of withdrawal by the LP, the LP shall repay the whole amount of Interreg Funds at the same time when the notification of withdrawal has been sent to the MAJS by the LP.
 4. If the MAJS exercises its right of termination and the LP is demanded full or partial repayment of amounts already paid, the LP is obliged to transfer the repayment amount to the MAJS. The repayment amount is due within one month following the date of the letter by which the MAJS asserts the repayment claim; the due date will be stated explicitly in the order for recovery.
 5. If any Programme body, national body or any relevant EU body detect any amount of Interreg Funds unduly paid, or should the MAJS be notified of such cases, the MAJS shall, demand repayment of the co-financing in whole or in part from the LP, if necessary in consultation with the relevant national bodies of the participating countries concerned, and by informing the relevant Programme bodies.
 6. The LP shall ensure that, if applicable, the PP concerned repays the LP any amounts unduly paid in accordance with the Partnership Agreement and the Implementation Manual. The amount to be repaid can be deducted from the next payment to the LP or, where applicable, remaining payments can be suspended. In the case of closed projects or upon request by the MAJS for ongoing projects, the LP is obliged to transfer the unduly paid funds to the MAJS.
 7. If a LP or PP fails to reimburse unduly paid Interreg Funds in another project funded by the Programme, the MAJS has the right to deduct the corresponding Interreg Fund from any open payment in this project.
 8. If the MAJS exercises its right of termination and the LP is demanded full or partial repayment of amounts already paid, any delay in effecting repayment shall give rise to interest on account of late payment, starting on the due date and ending on the date of actual payment. The rate of the late interest applied to the amount to be recovered will be calculated in accordance with Article 88 of the CPR.
 9. Upon termination of this contract by the MAJS, the LP shall receive a written notice with necessary instruction regarding the closure of the project. Where termination of the contract is based on paragraph 2 of this article, the MAJS may request full

or partial repayment of amounts already paid from the co-financing, in proportion to the gravity of the irregularity in question, after allowing the LP to submit its clarification. The MAJS shall inform the LP by giving a 30-day written notice and without paying compensation of any kind.

10. In the case of force majeure; i.e., if exceptional circumstances make implementation of the project excessively difficult or dangerous, and if the Subsidy Contract can no longer be executed effectively and appropriately, the parties may terminate the Subsidy Contract by serving a 60-day written notice, without being required to pay indemnity. The MAJS may reimburse the unavoidable residual expenditures incurred during the notice period (but only for activities and expenditures that have been properly executed).
11. The LP shall be entitled to request payments from the Programme only for the part of the project carried out and activities executed before the termination of the contract.
12. Should factors behind the recovery procedure show a violation of the Subsidy Contract, the MAJS will consider the termination of the contract as a last resort. The partnership will be heard before taking a final decision on the termination of the contract.
13. The contract may be terminated by written mutual agreement between the LP and MAJS.

The User is obliged to cooperate with the MAJS in case any examination related to system events becomes necessary.

The LP is responsible for the data quality of the data entered by the User into the system and all the User actions within the system.

The LP is responsible for providing necessary information, infrastructure or other personal or technical assistance to the User in order to enable the User to comply with the provisions laid down in this contract.

2. Credibility of data and documents

The Parties agree to accept all data and documents in the electronic data exchange system as official and credible data and documents of the Parties. If similar documents or data in subject exists in hard copy version or in different electronic system (e.g. in e-mail) Parties agree to accept the ones stored in the electronic data exchange system as primary ones.

The Parties accept the date and time values in the corresponding logs of the electronic data exchange system as official event dates of the activities (e.g. submission date and time of the submitted documents).

All decisions during the subsidy management procedures are drawn solely on the basis of the data stored in proper form in the electronic data exchange system. In case data can be set and stored in multiple form in the electronic data exchange system, the Parties agree to accept the data as credible which are set and stored in structured form. For the purposes of this Contract, data stored in structured form are data which are stored in a form directly available for automatic data-processing by the electronic data exchange system. For the consequences deriving from data-discrepancies the responsibility is attributed to the person (and the organization on behalf the person is acting) carrying out the data entry in structured form.

With prejudice to the provisions in the previous paragraph, underlying documents not stored in the electronic data exchange system may be exceptionally used during the subsidy management procedures. For the consequences deriving from data-discrepancies, the responsibility is attributed to the person (and the organisation on behalf the person is acting) evaluating and/or processing the data stored in hard copy form.

The Parties agree to accept that calculations made in the electronic data exchange system may result different values based on the different rounding rules and decimals applied compared to other systems.

In case of obvious errors, the MAJS can correct the data without notice. For the purposes of this Contract, obvious errors are data errors stemming from any incompleteness, inconsistency, miscalculation or other kind of clerical errors which can be resolved from other data or documents attached undoubtedly.

For the purposes of the initiation of the electronic subsidy management procedures, MAJS is entitled to pre-enter the data of the applications into the electronic data exchange system on behalf of applicants. The applicants shall examine the correctness of the data entry and should report any discrepancies found till the time of the data entry of the 1st progress report. In case such error report is not sent in due time, Parties agree to accept the pre-entered data as the correct and credible application data.

3. Security rules

It is prohibited to use any programmes, applications or devices that may affect the operation of the system.

The User is responsible for the secure use of the system.

In order to guarantee the safe operation of the system the User is obliged to use a client computer that is sufficiently protected: equipped with central or local firewall, regularly updated antivirus system and well-protected user accounts for the workstation.

The User is obliged to use a complex password that is kept confidential. The User has to select a password with a length of at least 8 characters, containing lower case letters, capital letters and digits as well. The password shall be changed regularly.

In case of any activity that endangers the safe operation of the system the access of the affected User will be suspended and IT security examination will be started.

4. Rules for suspicion of misuse

In case of unauthorised usage the owner of the user name has to take the responsibility.

In case of reasonable suspicion of unauthorized usage all the tasks accomplished by the User in the system can be examined during the security examination without preliminary notification.

In case of a suspicion that the password could be learned by another unauthorized person the User has to change it immediately and he/she has to inform the MAJS about this event.

If the client computer used for accessing the system is infected by a virus the User is not allowed to log into the system until the infection is eliminated. The MAJS shall be informed of the virus infection immediately in order to eliminate the virus infection of files uploaded.

It is prohibited to provide information on any system error or vulnerability to third persons; these issues shall be reported immediately to the MAJS.
